During the WBA Wireless Global Congress in London (UK), WBA will host the Connect City Advisory Board Meeting - with exclusive group of city officials, CIOs and industry leaders from approximately 20 cities - to discuss the developments of Connected City initiatives.

The CCAB meeting is a unique opportunity to interact and network with a number of CIOs and senior officials from leading cities, the forum will continue to focus on development of the Connected City plans and blueprints, creation of public-private partnerships, identification of big data and IoT opportunities and challenges for cities.

In the London meeting topics like, Connectivity and Broadband Proliferation, Big Data Management and LPWAN technologies opportunities to enhance smart cities will be addressed on the meeting

The meeting will take place on 9th May in London, you are also invited to attend the Wireless Global Congress on the 10-11 May.

This meeting is by invitation only, and will be available to a select group of city officials, CIOs and senior government officials along with industry experts.
