

Innovation Forum Meeting

Roadmap of Activities

Powered by WBA CTO Group

Founders Roundtable

CTO Innovation Forum (Virtual meeting – timezone PT)

Theme: **Converged wireless with Satellite, 5/6G and Wi-Fi**

9.05: Welcome note

Speaker(s): Tiago Rodrigues, WBA CEO & Dr. Derek Peterson, Boingo CTO & WBA Co-Chair

9.10: Satellite disruption impacting wireless

Topics: Next generation of satellite use cases (e.g., direct-to-device, hybrid networks); satellite spectrum; in-flight connectivity

Intro speaker: ViaSat Wireless CTO – Anton Monk

9.35: Disaggregated Cellular (O-RAN 5/6G) & Wireless steering

Topics: Real deployment; PROs and CONS on existing future tech (private vs. public); 6G + Wi-Fi + IoT Converged Deployment via OpenRoaming

Intro speakers: Boingo Wireless, Military partner

9.55 Wrap-up - Next Steps for CTO Innovation Forum and close

Moderator Bruno Tomas, WBA CTO

Chatham House Rule

Scope: Unique gathering from industry technology leaders with the ambition of shaping the industry in key areas

Objectives:

- Engage broader industry verticals on a converged view
- Decide the future path of industry roadmap
- Generate content for go-to-market activities
- Funnel discussions towards Innovation Forum future

For questions / to get in the queue:
Please type “Q” on the WebEx chat

Gathering industry's leading wireless Chief Technologists in championing the next big thing in wireless

- 1 Strategic Alignment:** Set the future direction of the forum and industry roadmap for the next decade to drive state-of-the-art networks and services
- 2 Global Diversity:** Unique gathering of players across the wireless ecosystem and industry verticals, operators, hubs, infrastructure, chipset and device vendors
- 3 Execution Capacity:** Best-in-class program management supported by a team with vast experience in industry collaboration
- 4 Impactful deliverables:** WBA members and industry verticals unique representation jointly collaboration on unique content and roadmaps

The logo for the Innovation Forum, featuring a stylized white icon of three curved lines forming a square shape.

**INNOVATION
FORUM**
POWERED BY WBA CTO GROUP

- **Leadership & Growth**
with unique community
of Chief Technologists
- **Innovation** and development
of business-critical programs
in the industry
- **Influence** the industry around
WBA wireless programs

END GAME
Threefold Purpose

Events & Go-to-market

- Unique forum for
information exchange,
events, marketing

CTO Profiling / Booklet

- Unique deck with industry
leaders' vision

Roadmap & Key Trends

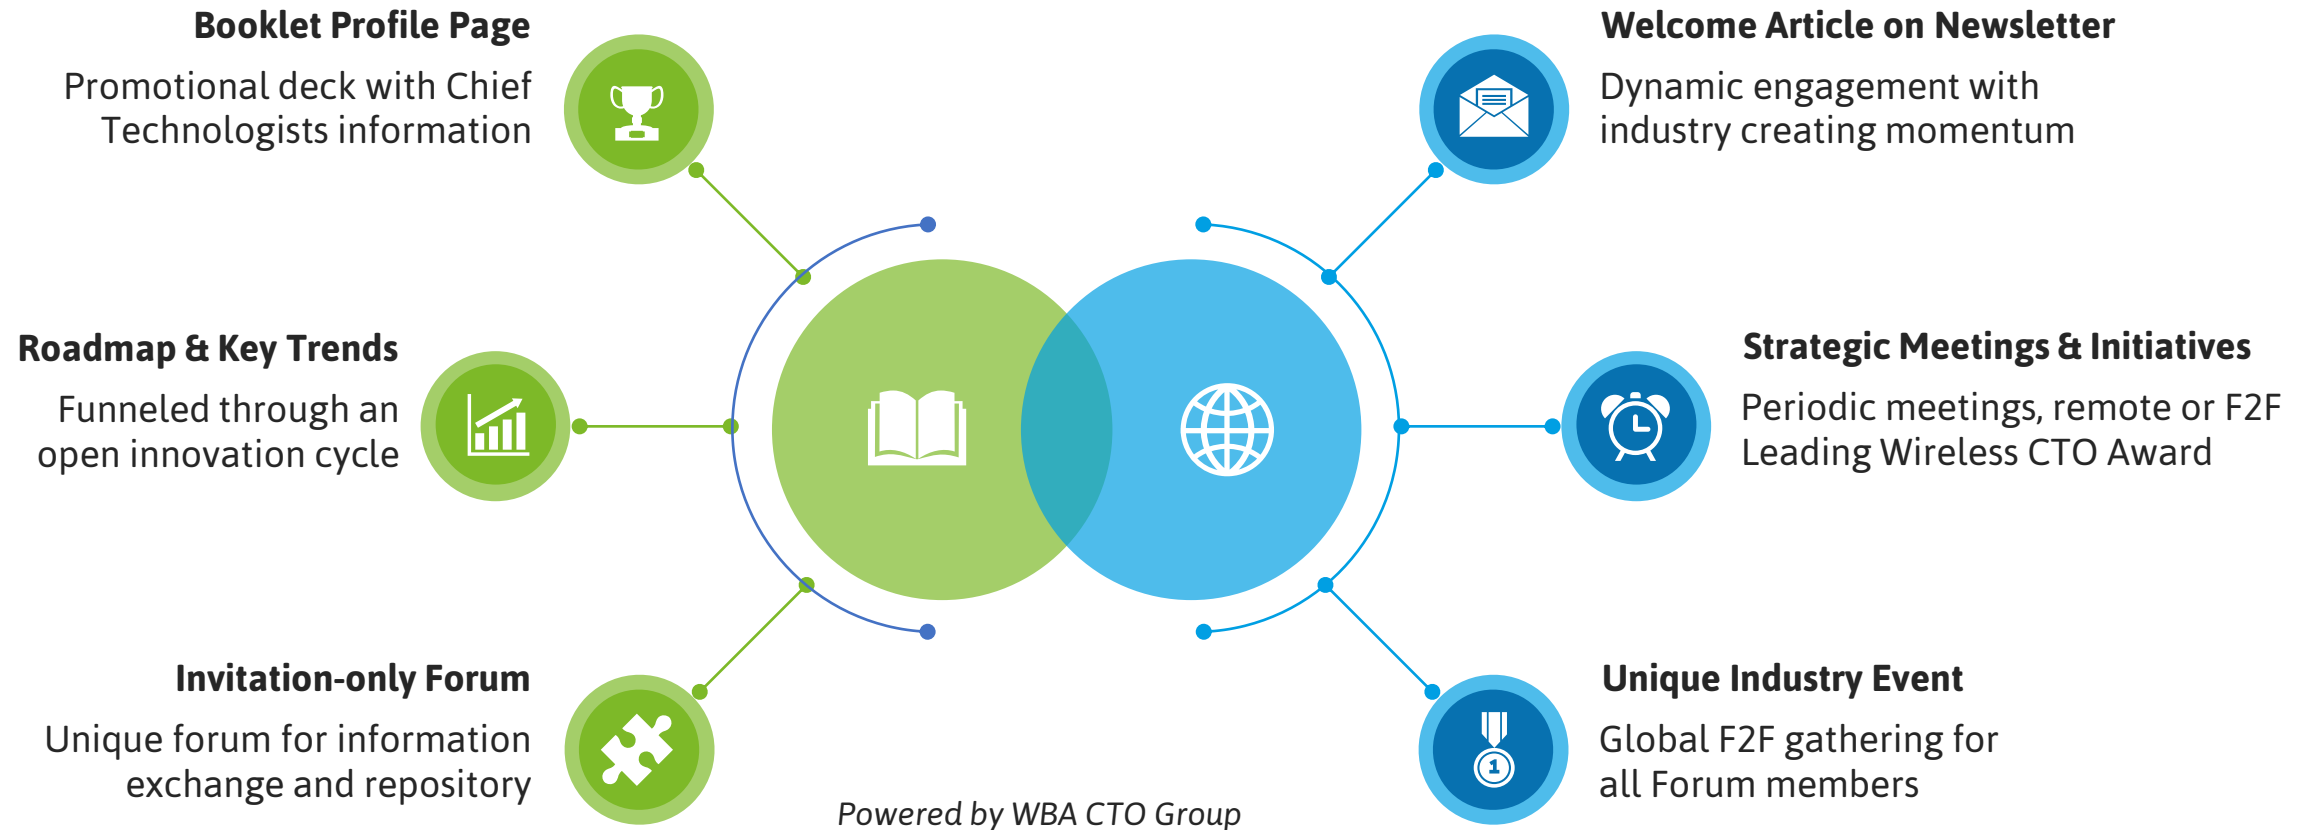

- Summary of interviews,
annual survey

Aviation
Fintech & Blockchain
Cloud & IT
Consultancy
Healthcare
Hospitality
Industry 4.0
Aerospace
Security
Smart City
Wholesale Logistics
Retail

Sessions output centered on a roadmap and action plan for massification of these technologies

The group will be developing a technology roadmap aligned with industry key trends (CTO Survey)

Start with technology and market trends based on group assessment > summary / roadmap

Forum email: wba-ctog@connectedcommunity.org

Industry Leading Chief Technologists

Technology Minded with Business Drive

As part of the Innovation Forum, WBA will profile the industry-leading technologists that are making an impact on the wireless industry.

Your benefits include:

- **Profile:** Each Innovation Forum executive having a profile page outlining their bio and experience and will provide brand presence for your company and areas of interest and expertise
- **Influence:** participating in the Innovation Forum enables the company to influence the direction of the industry and the future technology roadmap
- **Networking:** Networking with peers and developing business opportunities and solve industry problems

Booklet Information required:

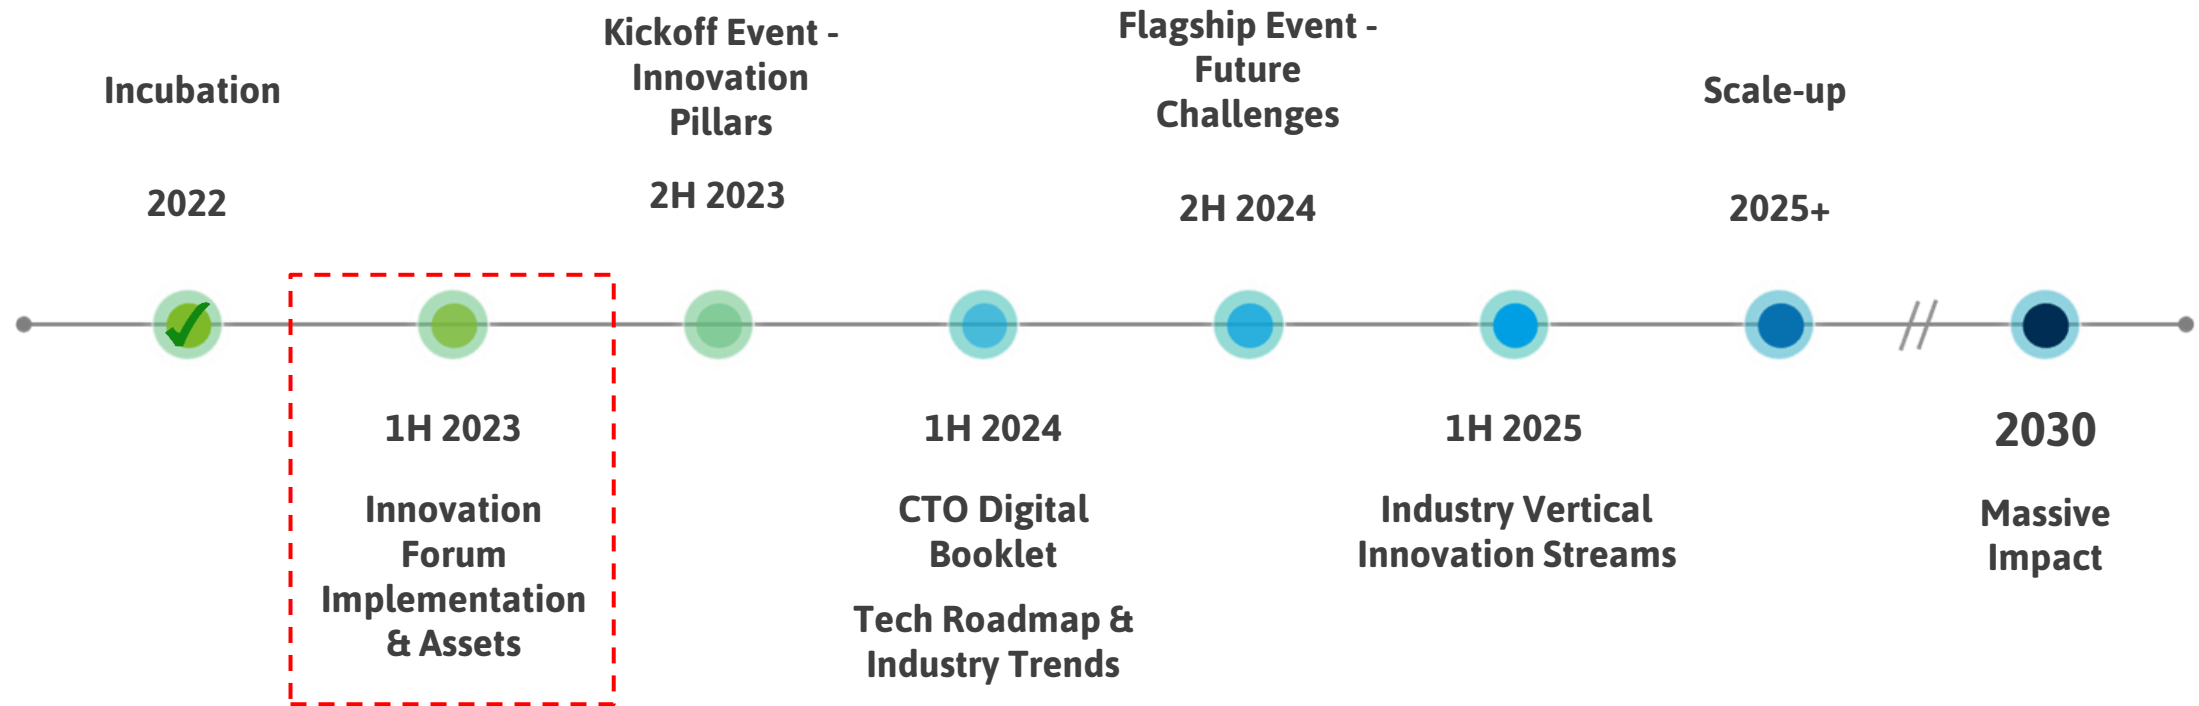

- Manifesto / industry message (max 200 words)
- Photo (profile or event)
- Bio (max 400 words)

Industry Priorities

Next steps

Next Steps - WBA will help you get on board the CTO Innovation Forum:

- 1) Participate on the technology roadmap effort – drive the industry forward
- 2) Attend the flagship Innovation Forum meeting planned activities for 2023

Derek Peterson

Boingo Wireless, CTO
WBA Co-Chair

Matt McPherson

Cisco, CTO Wireless
WBA Board Member

Necati Canpolat

Intel and WBA,
WBA Board Member
CTOG Co-Chair

Bruno Tomas
